# *Social Drivers of Health*

“The conditions in which people are **born, grow, live, work** and **age**, and also includes the health system.

These circumstances are shaped by the **distribution of money, power** and **resources** at global, national and local levels, which are themselves influenced by policy choices.”

*-World Health Organization (WHO)*

# *Place-based Strategies*

“Seek to strengthen the **physical, social, structural, and economic conditions** of a community that affect the **well-being** of the children, families and individuals who live there.
