Program Overview

The LNC program features 6 two-day sessions focused on government, education, health and human services, economic development, and the environment in North Carolina. Sessions are held across the state and feature presentations, excursions, experiential learning activities, and opportunities for dialogue with experts, policy makers, and influencers. Program content highlights innovations, challenges, and opportunities for impact. After graduation, participants serve on a planning committee to guide content for the next LNC program year.

LNC participants join a network that reflects the diversity of the state and become part of a powerful group of more than 1150 alumni. LNC supports ongoing education, networking, and service and engagement opportunities for participants and alumni.

\$5500 covers participation, program materials, and meals during each session. Participants cover lodging and travel costs. A limited number of partial scholarships are available.
